PROFESSIONAL SUMMARY

Results-driven .NET Developer with 4+ years of experience building scalable web applications and leading development teams. Specialized in .NET Core/Framework, microservices architecture, and modern frontend frameworks. Proven track record of delivering enterprise-level solutions including booking systems, delivery platforms, and fitness applications. Strong academic background with MSc in Computer Science (GPA 3.70/4.00) and full scholarships for both undergraduate and graduate studies.

CORE COMPETENCIES

- Backend: C#, .NET Core 7/8/9+, ASP.NET MVC
- Frontend: Blazor, React, JavaScript, HTML5/CSS3
- API Development: REST & SOAP Web Services
- Security: SSO, MFA, OAuth 2.0, OpenID Connect
- Database: MS SQL Server, Entity Framework Core
- DevOps: Docker, CI/CD Pipelines, Git/GitHub
- Testing: Unit testing, NUnit, Manual Testing
- Tools: .NET MAUI, Performance Optimization

PROFESSIONAL EXPERIENCE

Software Development Engineer | Cedar Gate Technologies(IQVIA), Kathmandu

March 2023 – Present

- Developing and maintaining scalable healthcare technology solutions using **.NET, C#, REST APIs, and SQL**.
- Collaborating with cross-functional teams to deliver reliable and maintainable software solutions.
- Applied **unit testing and clean coding practices** to ensure reliable and maintainable software solutions.

Senior .NET Developer | CodeBee Pvt. Ltd., Kathmandu

March 2023 – September 2026(3 years 7months)

- Developed the **WallBee Booking & Delivery System** – a comprehensive platform managing real-time bookings, deliveries, and tracking features serving thousands of users.
- Architected scalable RESTful APIs and integrated third-party API/services (DHL, FEDEX, GLS, UPS, TNT, SGL, Postnord, DPD, CTS etc.) to enhance system functionality and user experience.
- Coordinated with a junior development team – conducted code reviews, assisted with sprint planning, and helped ensure timely delivery of high-quality features.
- Built **WOWFIT** (web/mobile) – a fitness platform with workout tracking, Event planning, and user progress analytics using .NET MAUI and Blazor.
- Created the **WallBee Support System** – an enterprise ticketing platform with automated routing, tracking, and comprehensive reporting dashboards.

.NET Developer | TechBit Nepal, Kathmandu

May 2022 – February 2023(10 months)

- Developed a food delivery platform using .NET, implementing secure payment processing and real-time order tracking.
- Assisted in building restaurant management modules to streamline operations and order fulfillment.
- Collaborated with senior developers to integrate backend services and maintain code quality.

EDUCATION

Master of Science in Computer Science & Engineering

Nepal College of Information Technology (NCIT), Lalitpur | October 2023

- Thesis: "Employee Attrition Prediction System" - Developed ML-based predictive model using Python
- Awarded full university scholarship for outstanding performance in entrance examination
- Academic Excellence: Topped semester examinations consistently

Bachelor of Computer Engineering

Lumbini Engineering College (LEC), Butwal | November 2019

- Capstone Project: "Visit Nepal - Advanced Tourism System" built with ASP.NET MVC (C#) featuring booking engine, itinerary planning, and virtual tours
- Awarded full university scholarship based on entrance exam excellence
- Consistent top academic performer throughout program

LEADERSHIP & TEACHING EXPERIENCE

- **Department Coordinator & Part-Time Lecturer** - Kathmandu Institute of Technology (April 2020 - May 2022): Led curriculum development, student mentorship, and taught core computer engineering courses
- **Part-Time Lecturer** - Khowpa Engineering College (November 2020 - January 2022): Instructed programming and software engineering courses
- **Secretary, Robotics Club** - Lumbini Engineering College: Organized technical workshops, hackathons, and robotics competitions; managed club operations and member communications
- **President, Red Cross Society** - School Level (2 years): Led community service initiatives, blood donation drives, and disaster preparedness programs

HONORS & ACHIEVEMENTS

- 🏆 First Place Winner - CAN InfoTech Challenges (National Technology Competition)
- 🏆 First Place Winner - Anchoring Association Challenge
- 🎓 Full Merit Scholarship - MSc Computer Science (Entrance Exam Excellence)
- 🎓 Full Merit Scholarship - Bachelor of Computer Engineering (Entrance Exam Excellence)
- 📊 Academic Excellence - Ranked 1st or 2nd in different semesters across both degree programs
